Cairns Water Security Stage 1

Out-of-hours work – Pipe Tie-in
Bruce Highway, Gordonvale

Construction Works Notification #118a

20 April 2026

Welcome to the latest localised update for the Cairns Water Security Stage 1 project. These construction works notifications will continue to be distributed to keep you informed of upcoming construction activities within the Gordonvale, Aloomba and Behana Gorge communities.

Due to wet weather, the works originally scheduled to begin on **Monday, 20 April 2026** have been **rescheduled**.

From 6pm on Monday, 27 April 2026 until **6pm** on **Thursday, 30 April 2026,** John Holland will undertake **72 hours of continuous work** to connect the newly installed pipes to the existing water network. These works will occur in a small corridor between the Bruce Highway and the Qld Rail North Coast Line, opposite Jones Road in Gordonvale. (Refer map overleaf)

As part of these activities, the existing water supply will not be interrupted.

In the event of unforeseen circumstances such as adverse weather or resource constraints, these works may be rescheduled and completed at the next suitable opportunity.

What can I expect?

- Construction equipment and vehicles entering and exiting the work zone.
- Temporary lighting for worker safety, directed away from the rail line and residential properties.
- Construction noise including grinding, welding and machinery operations and increased construction vehicle movement.

How are we managing impacts?

- John Holland will notify nearby residents and businesses of the anticipated impacts as part of these out-of-hours activities.
- Quieter lighting equipment will be used, with lights directed downward to minimise light spill.

Thank you for your patience and cooperation while we conduct this important work.
