Cairns Water Security Stage 1
Water Treatment Plant, Jones Road

Construction Works Notification #022
1 December 2024

Welcome to the Water Treatment Plant monthly construction update for the Cairns Water Security Stage 1 project. These construction works notifications are distributed monthly to keep you informed of upcoming construction activities.

Construction of the Cairns Water Security Stage 1 project continues to progress. Works will continue to occur between **6.30am to 6.30pm Monday to Saturday** throughout December. Low impact activities associated with the works, such as water cart operations, machinery re-fuelling, managing environmental controls and traffic control may occur outside of these hours.

The majority of works at the Cairns Water Security Stage 1 project construction sites will shut down from **Saturday, 21 December 2024** to **Sunday, 5 January 2025** inclusive. Our project team will carry out some minor activities and regular environmental inspections during this time.

Works in December will include:

- Earthworks on site for the water treatment plant, reservoir, and new access road
- Installation of steel mesh, shotcrete and pavement to form part of the new access road to the reservoir
- Deliveries of large pipes to the water treatment plant site along with the commencement of their installation
- Steel fixing and concrete pours at the water treatment plant site
- Ongoing design investigations including surveying
- Installation of drainage culverts on Jones Road

What can I expect?

- Water carts will commence onsite from 6am to wet down areas to assist in managing dust
- Trucks and other vehicles will enter and exit the construction site via Jones Road
- Construction machinery and equipment operating onsite including trucks, graders, scrapers, dump trucks, excavators, concrete trucks and pumps
- Construction noise associated with these works
- Delivery of materials and equipment
- Temporary road closure of Jones Road with local residents only permitted

How we are managing impacts

- John Holland will liaise with property owners if access to property is required to conduct works.
- Traffic control will be in place, where required

Visit the project website for more information **www.cairns.qld.gov.au/CWSS1**.

Thank you for your patience and cooperation while we conduct this important work.
