Cairns Water Security Stage 1

Anderson Road, Gordonvale Aloomba

Construction Works Notification #82

30 September 2025

Welcome to the latest localised update for the Cairns Water Security Stage 1 project. These construction works notifications will continue to be distributed to keep you informed of upcoming construction activities within the Gordonvale, Aloomba and Behana Gorge communities.

From **Tuesday, 7 October 2025,** John Holland will commence horizontal directional drilling (HDD) trenching work for the installation of the new underground pipeline on Anderson Road, Aloomba at the Leumann Road intersection (see map overleaf). This work will be undertaken between **6.30am** and **6.30pm Monday** to **Saturday** and will take approximately **4 weeks** to complete, weather permitting.

For the safety of workers and road users, approved traffic controls will be in place. Leumann Road will remain open to traffic throughout the works

Location	Traffic Condition	Time
Anderson Road	One lane closed– Traffic lights & Traffic Controllers assistance	6:30am – 6:30pm Monday-Saturday
Anderson Road	Two lanes open with speed reduction	6:30pm – 6:30am Monday – Saturday All Day Sunday

What is Horizontal Directional Drilling (HDD)?

HDD is a trenchless boring method for installing underground pipes along a prescribed bore path with the use of a surface-launched rig / machine, which minimises the disruption of the surrounding area.
This type of trenching method is used to minimise the impact on certain infrastructure and waterways.

What can I expect?

- During construction, the work site will be protected with traffic cones for vehicle management and temporary fencing for pedestrian management to safely delineate the work zone.
- Temporary one lane road closures, detours, and traffic controllers.
- Installation of pipes using a large drilling machine.
- Construction noise, machinery, and increased construction vehicle movement.
- Streets will be restored to original condition after works are completed.

How are we managing impacts?

- The work zone will be safely marked with traffic cones, barriers and fencing.
- John Holland will liaise with property owners if property access is impacted.
- Traffic control measures will comply with approved traffic diversion plans.
- Nearby residents and businesses will be notified of key activities, including any out-of-hours work.

Thank you for your patience and cooperation while we conduct this important work.
