Cairns Water Security Stage 1

Behana Gorge Road

Construction Works Notification #62

09 July 2025

Welcome to the latest localised update for the Cairns Water Security Stage 1 project. These construction works notifications will continue to be distributed to keep you informed of upcoming construction activities within the Gordonvale, Aloomba and Behana Gorge communities.

From **Wednesday, 16 July 2025,** John Holland will continue trenching work for the installation of the new underground pipeline on Behana Gorge Road (see map overleaf). This work will be undertaken between **6.30am** and **6.30pm Monday** to **Saturday** and will take approximately **8 weeks** to complete, weather permitting.

A variable work zone will be established to create a clear and safe working area, and it is anticipated that excavation will progress at approximately 40m per day, dependent on ground and weather conditions.

What can I expect?

- During construction, each open trench will be protected with traffic cones for vehicle management and temporary fencing for pedestrian management to safely delineate the work zone.
- Short-term, partial road closures and traffic control as required.
- Delivery of pipes to the work area.
- Earthworks construction, including excavation of a trench and temporary reinstatement.
- Installation of underground pipe and backfilling of the trench.
- Construction personnel, increased vehicle movements, construction machinery and equipment operating within the area.
- Construction noise associated with these works.
- Vegetation removal, as required.
- After completion of the pipe installation, local streets will be reinstated to their original condition.

How are we managing impacts?

- John Holland will liaise with property owners if access to property is required or impeded to conduct works.
- Traffic control will be in place, where required.
- Notify residents and businesses of key activities including any out-of-hours work

Thank you for your patience and cooperation while we conduct this important work.
