Cairns Water Security Stage 1

Cairns Road, Gordonvale

Construction Works Notification #74

27 August 2025

Welcome to the latest localised update for the Cairns Water Security Stage 1 project. These construction works notifications will continue to be distributed to keep you informed of upcoming construction activities within the Gordonvale, Aloomba and Behana Gorge communities.

From **Monday, 1 September 2025**, John Holland will return to complete the connection of the new pipes along Cairns Road, Gordonvale. These tie-in works follow the earlier installation of pipes using horizontal directional drilling (HDD) and will be carried out within two designated work zones at the drill entry and exit points.

The works will be carried out between **6.30am** and **6.30pm, Monday** to **Saturday** and will take approximately **4 weeks** to complete, weather permitting.

For the safety of workers and road users, approved traffic controls will be in place between Pyramid Residential Care Centre and approximately 100m east of Clarke Street (see map overleaf). Clarke Street will remain open to traffic throughout the works.

Location	Traffic Condition	Time
Cairns Rd	One lane – Traffic lights & Traffic Controllers assistance	24 Hours Monday-Sunday

These activities may result in additional traffic impacts. We recommend allowing extra travel time to account for potential delays in the area.

What can I expect?

- During construction, each open trench will be protected with traffic cones for vehicle management and temporary fencing for pedestrian management to safely delineate the work zone.
- Road closures including detours, partial road closures and traffic control as required.
- Earthworks, welding of pipes, testing of connections and temporary reinstatement.
- Construction noise, machinery, and increased construction vehicle movement.
- Streets will be restored to original condition after works are completed.

How are we managing impacts?

- The work zone will be safely marked with traffic cones, barriers and fencing.
- John Holland will liaise with property owners if access to property is required or impeded to conduct works.
- Traffic control measures will comply with approved traffic diversion plans.
- Notify residents and businesses of key activities including any out-of-hours work

Thank you for your patience and cooperation while we conduct this important work.
