Cairns Water Security Stage 1

UPDATED Cairns Road, Gordonvale

Construction Works Notification #133a

6 October 2026

Welcome to the latest localised update for the Cairns Water Security Stage 1 project. These construction works notifications will continue to be distributed to keep you informed of upcoming construction activities within the Gordonvale community.

On **Wednesday 5 August 2026,** John Holland recommenced works on **Cairns Road, Gordonvale** between Maher Road and Draper Road (see map overleaf), to complete the final connection to the Behana treated water network.

The works were originally scheduled for eight (8) weeks; however, wet weather conditions have extended the program. It is anticipated that the remaining works will be completed within approximately **two (2) weeks**, weather permitting.

Works will take place between **6:30am** and **6:30pm, Monday to Saturday.**

To facilitate these works and for the safety of workers and the travelling public, the following approved traffic diversions will be implemented:

- Access to Cairns Road from Maher Road will be closed. Local traffic access only. (Refer detour map overleaf)

What can I expect?

- During construction, the worksite will be protected with traffic cones for vehicle management and temporary fencing for pedestrian management to safely delineate the work zone.
- Short-term, partial road closures and traffic control as required.
- Construction noise, machinery, and increased construction vehicle movement.
- Reinstatement works in the area will take place during this period.
- Works will include asphalting to reinstate road pavement.

How are we managing impacts?

- John Holland will liaise with property owners if access to property is required or impeded to conduct works.
- Implementing traffic control measures in accordance with approved traffic management plans.
- Notify residents and businesses of key activities including any out-of-hours work

Thank you for your patience and cooperation while we conduct this important work.
